

Bring the wonders of the night sky to your school!

Just don't talk about the stars, actually see them in the Starlab portable planetarium. The 45 minute program features stars and constellations seen from your area and the Greek mythological stories related to them.

Program Pricing

Travel Fee

60 miles or less: \$50 per day

61 miles or more: call for pricing

Program Fee

\$75 per 45 minute program

Minimum booking of 2 programs.

Requirements

1. Limit of 25 students per 45 minute program.
2. Lessons can be adapted for 2nd grade and up.
3. No more than five 45 minute programs/day. These must be scheduled to utilize time as effectively as possible.
4. One school personnel must remain with students at all times.
5. A large area that can accommodate a dome of 11 ft. high and 25 ft. across. A stage, gym, library or large multipurpose room works well.
6. The dome must be in a fairly quiet area.
7. The floor MUST be clean before the dome can be set up.
8. There must be electrical outlets available-one for the fan and one for the projector. We will bring extension cords.
9. Students will be required to take off their shoes before entering Starlab.
